It Has What It Takes For
CHEMICAL DISINFECTION
SHARP SURGICAL INSTRUMENTS

You can rely on
B-P FORMALDEHYDE
GERMICIDE to...
contains HEXACHLOROPHENE (G-11*)

**KILL** vegetative pathogens and spore formers within 5 minutes.*
**KILL** the spores themselves within 3 hours.*
**KILL** tubercle bacilli within 5 minutes.*

*Trademark of Sirdar Corp.

SUGGESTION: B-P CONTAINERS are all especially designed for convenience in conjunction with the use of B-P GERMICIDE.

Used as directed, it will not injure keen cutting edges, points of hypodermic and suture needles, scissors and other 'sharps'... nor rust, corrode or otherwise damage metallic instruments.

IT'S THE ECONOMICAL ANSWER towards keeping annual costs for solutions and instrument replacement and repairs at a minimum. May be used repeatedly if kept undiluted and free of foreign matter.

BAXTER LABORATORIES, INC.

MORTON GROVE, ILLINOIS
To induce emotional equilibrium in those who swing from anxiety to depression, Serpatilin combines the relaxing, tranquilizing action of Serpasil with the mild mood-lifting effect of the new cortical stimulant, Ritalin. In recent months, numerous clinical studies have indicated the value of combining these agents for the treatment of various disorders marked by tension, nervousness, anxiety, apathy, irritability and depression. Arnoff, in a study of 51 patients, found the combination of definite value in a variety of complaints, noting no effect on blood pressure or heart rate. Lazarte and Petersen found Serpatilin effective in counteracting the side effects of reserpine and chlorpromazine. They reported: "The stimulating effect of Ritalin seemed complementary to the action of reserpine . . . in that it brought forth a better quality of increased psychomotor activity."

Serpasil Tablets, 0.1 mg., 10 mg., each containing 0.1 mg. Serpasil® (reserpine CIBA) and 10 mg. Ritalin® hydrochloride (methyl-phenidylacetate hydrochloride CIBA).

Dosage: 1 tablet b.i.d. or t.i.d., adjusted to the individual.

CIBA Summit, N. J.
