Publisher: Snowden & Cowman Mfg. Co., Dental Depot, 9 W. Fayette St., Baltimore.

SNOWDEN & COWMAN DENTAL MFG. CO:

"Your books of Questions and Answers for Dental Students received. I have looked over the parts connected with my College Department—Operative Dentistry, and Dental Physiology and like them much. I trust the series will meet with much favor, as of if they are worthy." C. N. PIERCE, Dean and 1 Prof. of Dental Physiology.

"Dental Pathology, and Operative Dentistry, Pennsylvania College of Dental Surgery.

"Dr. Garretson begs to acknowledge Messrs. Snowden and Cowman's kindness in sending him Prof. Gorgas' Questions and Answers. The work of compilation is admirably done, and there can be no doubt that students will make large use of the books as aids to preparation for graduation examinations. Practitioners should find in them hints directing to free and wide reading. Dr. Garretson asks that his compliments and congratulations be given to Prof. Gorgas." From DR. JAMES H. CARRETSON, Prof. of Anatomy and Surgery, and Dean of Philadelphia Dental College.

"We will place the 'Questions and Answers' before our students, and call their attention to them, as we believe they are a good thing, not only for Students, but for older members of the profession." From Prof. L. P. HASKELL, President, and A. M. MARKLE, Vice President, The Haskell Post Graduate School of Prosthetic Dentistry, Chicago, III.

"I think all of the work will meet with approval everywhere." W. H. WHITSLAR, M. D., D. D. S., Secretary, and Prof. of Dental Anatomy and Pathology, Western Reserve University Dental Department.

"The work will be a valuable one for students, and should be used in all our Colleges. I will recommend the work to our students, and suggest that each one provides himself with a copy." Prof. J. TAFT, Dean of University of Michigan, College of Dental Surgery.

"They are the best books of the kind I have seen, and I am recommending students to purchase them." FRANK ABBOTT, M. D., Prof. and Dean of New York College of Dentistry.

"Everything coming from the pen of Prof Gorgas is always good, and I shall take pleasure in recommending the work for the use of the student." Prof. A. O. HUNT, Dean and Professor of Metallurgy, Dental Prosthesis, and Supt. of Clinics Dental Department of State University of Iowa.

The entire work has been compiled and edited by Prof. Gorgas. Each part includes a great number of questions and answers, covering all the subjects of the Dental Student's curriculum. The questions are designed to test the student's knowledge and understanding of the principles and practices of the profession, and are intended to prepare him for the practical work of the dentist. The answers are concise and clear, and are based on the latest research and teachings in the field of dentistry.

The work is divided into three parts, each dealing with a different level of study. Part I covers the Freshman Course, Part II the Junior Course, and Part III the Senior Course. Each part contains a large number of questions and answers, accompanied by explanatory notes and references to further reading.

The book is well-organized and easy to read. The questions are arranged in a logical sequence, and the answers are clear and concise. The book is highly recommended for use by dental students as a study guide and reference. It is also a valuable resource for practitioners and educators in the field of dentistry.
NO MORE LOST MOTION!
New Improved Cone Lathe Head.
CAN BE USED WITH ANY DRIVING WHEEL.

All lost motion or wear can be taken up by the simple adjusting of screw on base. It is made very strong and durable. It runs easier than any Lathe Head on the market. Fitted to run on either U. S. Lathe Stand or the American Lathe Stand. PRICE, with 5 Chucks, $7.00
